

“Strengthening The Saved - Saving The Lost”

## February 2018

Dear Friends,

It's always exciting to find out you are going into an area the Lord has been preparing ahead of time; that you are being led by the Holy Spirit.

As I entered Beacon Ridge in Sapulpa and spoke to the activities director, I heard her say, “We’ve only been open for a few months. I’ve been praying for someone to come and provide a service for the residents.” It was a perfect fit. I will be starting here next month. This facility is a Senior Mental Health unit. This is the second mental health unit I'm in. We are expanding! We have expanded into 4 different types of facilities: Nursing Homes, Assisted Care facilities, Alzheimer facilities, and Intelligent Deficient facilities. Each type of facility has its own unique ministry.

This month I had my first service in Fairfax, OK – Fairfax Manor. This is a town of approximately 1,300 residents. The activities director said, “Being in a small town, our resources are limited. We would love to have you come. But we cannot afford to pay you anything.” That’s when I put a smile on my face and told her about our incredible supporters – you. Because of you I am able to provide her and her residents with a

service that lifts up the name of Jesus. A service that will teach the Word Of Faith at no cost to her.

Tahlequah/Stilwell

The flu is still hitting the nursing homes pretty hard. The number of residents in the service was low this morning. Those of us who were together prayed that the healing power of God would flow through this facility and heal those who were sick. Then everyone in the service asked for prayer. I changed my message and ministered something I heard my pastor say a few months back. (It really stuck with me.) Pastor Hagin said, "If all you had were these two verses you could live in victory."

Hebrews 13:5 "I will never leave you nor forsake you."

Philippians 4:13 "I can do all things through Christ which strengtheneth me."

Now that's shoutin' ground right there!

As I've been ministering and looking out over the residents, I realized we have an army of prayer warriors in these nursing homes we've never tapped in to. Many of them are alone and feel they have nothing to offer. That's really not true. What if the "Church" tapped into this army of prayer warriors? What if the local churches used residents in their local nursing homes to become a part of the great end-time harvest? What if we trained "Prayer Technicians" to pray in agreement with the local church and bring in the end-time harvest? This thought really got me excited! Pray with me as I focus on teaching the residents who they are in Christ and how they can be a part of the end-time harvest through prayer.

We are at the close of another month and once again Ann and I want to thank you for your generous prayers and financial support. It is a blessing to share the good news of Jesus Christ in places where funds are not available. This is truly missions work.

Thank You.
