

"Strengthening The Saved & Saving The Lost"

August 2019

Dear Friends,

"Life In A Bottle" is the name of a new outreach project that I have started on August 2nd. I'm excited for the help we can provide to the homeless community. (I started biking a few years back for my health. As I was riding, I began seeing the homeless along the trails. It is a great need and I want to help meet that need.) We have what I call the 6B's. We have Bibles, a mini Bible School, Bars, Bottles, Blankets, and a Brochure that explains available help in the area. Some of these items are packed in a bottle. We call it "Life In A Bottle".

Monday Aug. 5th - We are touching people on the streets and on the trails who simply need help. This man needed a job. We have the means to help him through "Jobs For Life." As I ministered to him he began to cry and said, "I've been praying that someone would help." We are "Strengthening The Saved & Saving The Lost" on the road and on the trail.

WEDNESDAY, AUGUST 14, 2019

Muskogee/Haskell

I never tire of watching memory care residents sing all the old hymns. They remember all of them. We had residents streaming into the room the entire time I was there because they could hear the piano music down the halls. After they sang a little bit they found it easier to carry on a conversation. It's amazing how the mind works. We are bringing the Good News of Jesus Christ to nursing care facilities throughout eastern Oklahoma.

TUESDAY, AUGUST 6, 2019

Tulsa/Bristow

When I asked the question, "Does anyone hear voices?". You could tell everyone wanted to say, "yes" but didn't know if they should. The fact is we all hear voices. The real questions are, where do they come from and what do we do with them? How do we make decisions with all these voices? This topic brought in a lot of residents, staff, and guests. It's a question we all have, but no one wants to address it. Today we looked into the Word and

saw we are a spirit, we possess a soul, and we live in a body. All three areas reveal voices. Everyone started to relax when they realized everyone around them hears voices, too. When we accept Jesus as our Lord and Savior and renew our minds to the Word of God, decision making becomes much clearer. We lifted our voices to the Lord as we honored and worshiped Him this morning. Now, it's on to Bristow.

TUESDAY, AUGUST 27, 2019

Chouteau/Vinita

I had a wonderful opportunity to minister this morning. A woman who lived in the nursing home had just gone on to be with the Lord a few hours before I arrived. I was setting up my equipment to get ready for our service when the activities director came in to let me know what had just happened. She asked if I would like to speak to the family. I said, "yes". As I entered the room I could see the woman was still in her bed. Family, friends, staff, and hospice were all there and waiting for the funeral home staff to arrive. I was introduced and then began to minister to everyone in the room. We prayed together and had a group hug. What a blessing to be there at the right time and in the right place. After all that I went back out to the dining area and we had our morning service. Praise the Lord for His Goodness.

We are:

Strengthening The Saved & Saving The Lost

On the road and on the trail

Thank you so much for your continued prayers and financial support. Together we are making a difference both to those in nursing care facilities and to the homeless.
