

"Strengthening The Saved & Saving The Lost"

February 2021

Dear Friends,

It is February and we are beginning to see some of the nursing care facilities prepare to open again. I am scheduled for in-person services in 2 facilities and more on the way. Praise the Lord!

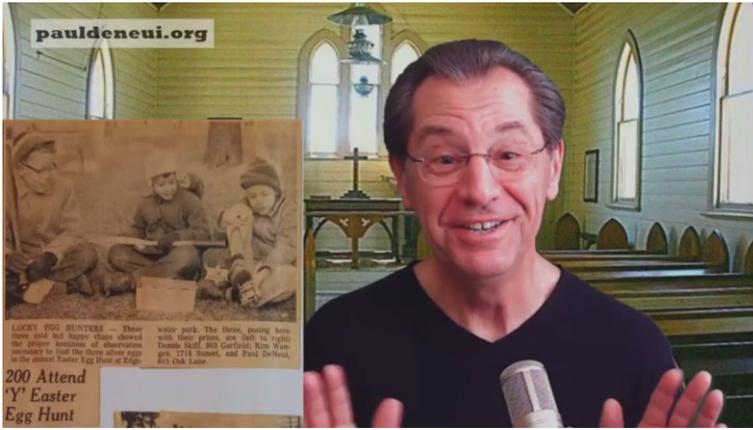

This year we started out with a bang when it came to the weather. The “2021 winter storm” was devastating to many people. If I had been traveling to the nursing homes, it would have all stopped. But because we were already geared up for online services, we were able to get into many facilities by way of the internet. We found some winter lodge videos that worked very well with the

green screen. You could even hear the crackling fireplace in the background. We are getting reports of people viewing the online services from several states; also countries from Canada to Egypt to Pakistan.

Something that the residents always like is singing. We have been able to bring full hour online Singspirations to the nursing homes, the kind they remembered growing up. Remember, these are things that can be viewed over and over again on YouTube. For more details about watching these services go to www.pauldeneui.org

One of the things that I like the most with the videos is the ability to apply the Word of God to our lives through personal illustrations. As I was growing up my mom would cut out newspaper clippings of things I did throughout the years. I didn't know she was doing it at the time. Years later, she gave me these clippings and I have been able to use them as illustrations for my messages.

I remember hearing someone say, "The one thing that will always stay the same is change." I believe that to be a true statement. There will always be change. In addition, I believe the key to change is the ability to adjust to the change as it happens. That is what we have done with the nursing home ministry.

One year ago, the nursing homes closed to the public. We immediately traveled to every nursing home we had ever been in to provide CDs, DVDs, and books to have Bible based materials to be used for their activities. (I heard just recently from some activities directors that they are still using those materials.) Then the question was asked, "Can you go online so we can get back to seeing you?" It took a while to figure that out, but we did. That has increased our ministry exponentially. We are reaching more nursing homes than ever before. This also provides the ability for anyone with access to the internet to tune in also. Now it's a matter of getting the word out that we are there!

I want to thank you again for being so faithful with both your prayers and your finances. I have such a drive to do the will of God. Running my race is my number one focus. I know that as we do that-- as we learn to do what God has called each and every one of us to do -- we will hear these words, "Well done thou good and faithful servant." Together we are running this race and I thank you.

Paul DeNeui
