

PAUL DENEUI MINISTRIES

"Strengthening The Saved & Saving The Lost"

March 2021

Dear Friends,

March has brought a lot of change to the ministry and to us personally. As the nursing home ministry has been moving toward a mix of in-person visits and online services, it has caused us to develop a video studio. Something we have never done before. This studio started to overwhelm our dining and living area. We began to realize we were running out of room in our apartment. During the month of March, we closed on a home that will provide the additional space for a studio. We are in the middle of a move. For the past several years you have heard me say, "Lord, wherever you want me to go and whatever you want me to do I'll do it." This is one of those moments. With the video studio, we will be able to minister in more nursing homes than ever before. A few years ago, I remember asking the question, "Lord, how can I go to more places? How can I expand this ministry?" I believe this is the next step in that process. For those of you who send your giving by mail, our new address is:

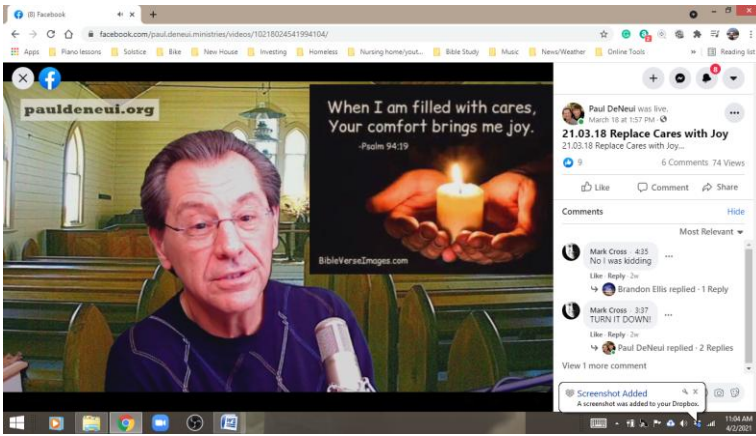

Paul DeNeui Ministries
5405 North 31st St
Broken Arrow, Oklahoma 74014

For those of you who give online, nothing will change.

Wednesday - March 24th

This was just an amazing time to get back into the nursing home. I was excited. The residents were excited. We sang and sang. The joy of the Lord was certainly present.

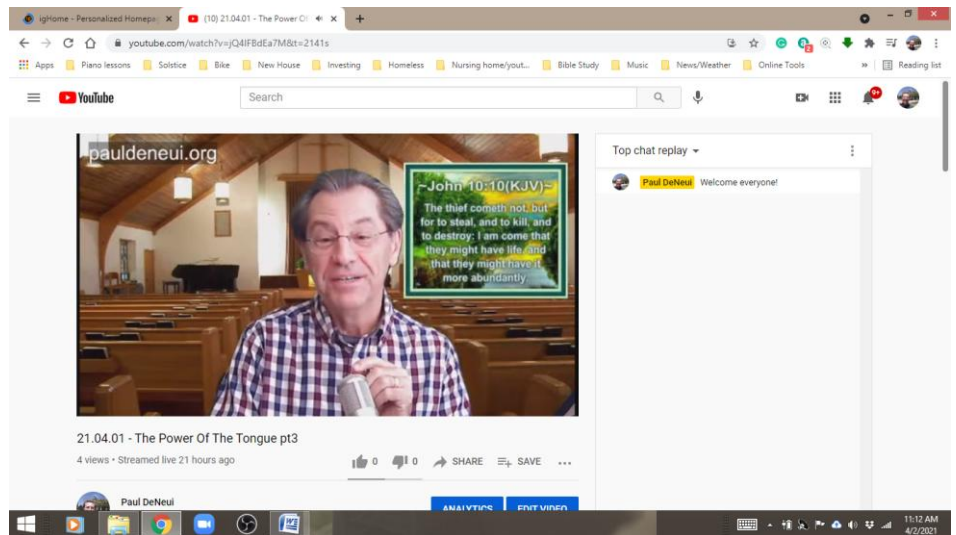

We are in a big learning curve when it comes to streaming and ministering online. We are now in our new studio and things are starting to come together. We have live-streamed eight services during the month of March.

We are also noticing that some of the nursing homes are beginning to open to us again. Last month we were in one.

However, this month (April) we will be in four. Praise the Lord.

We are constantly revising our schedule to keep up the demand for both nursing home ministry and the homeless. It is a fine balance and sometimes is dependent on the weather. Our current schedule is Mondays and Fridays on the bike or walking the trails to find and help the homeless. Tuesdays and Thursdays will be live-streaming at 2 pm CST on FaceBook, YouTube, and Twitter. Then Wednesdays will be traveling and ministering in person in the nursing homes. We are excited to see the expansion.

Together we continue to Strengthen The Saved & Save The Lost. We are excited about the future. Thank you for being such a vital part of this ministry.
