

PAUL DENEUI MINISTRIES

"Strengthening The Saved & Saving The Lost"

June 2021

Dear Friends,

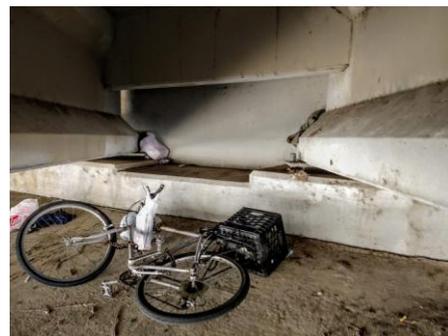

“Welcome to Nursing home Family Church.”

We are in person and on line. We are providing several monthly in person services, and online services every Tuesday and Thursday. In addition, we are growing our homeless ministry. I thank God for all of the ministries that are helping the homeless. However, we are being very selective to work with the ministries who line up with our vision.

Homeless

I see this all the time as I travel under bridges on my bike. This is someone’s home. I have been asked so many times the reason why people live like this. There is no one answer. Every person has his or her own story. We are here to help everyone we possibly can.

One of the ways we help is by feeding those who are willing to receive food. We are connecting with ministries who feed the homeless weekly.

This morning after the service, a resident came to me and said, "Look around the room. You see a room full of Christians. We don't need a lot of hellfire and brimstone. We need to be encouraged. You've done that with your music and encouraging words. We've been locked up for months. Our spirits have been lifted this morning. When are you coming back?"

What a wonderful morning. As nursing care facilities open, this is what I'm finding: People who want to be encouraged in the Word.

This afternoon I had my third service at Brentwood since they have reopened from Covid. The excitement of reopening is incredible. And getting together as a body of believers is just amazing. There are some here who indicated they wanted to be baptized the last time I was here. Today we had a stock tank ready to go for baptisms. (Always be flexible and ready for anything. I remember several years ago walking into a memorial service and realizing the facility figured I would be able and willing to do it. So, I did.) We are witnessing the power of God at work. Praise the Lord.

I want to thank you again for your continued support. It is always a pleasure to say thank you. We know that without our supporters we would not be able to do what we are doing. We also realize you are being led to give. That is what keeps me on my toes. I always want to be good ground and follow the leading of the Lord. Let's continue to run this race together.

What the enemy meant for evil (Covid-19), God has put us in a position to save more lives than ever before.
